

Steam Client update

Steam client update today: Updates to the Steam Client have been released. The updates will be applied automatically when your Steam client is restarted. The specific changes include:

Steam Client

Fixed occasional hang on startup

Fixed IP address sorting order in the serverbrowser

Improved favorites list responsiveness when manipulating very large lists

Fixed server pings being too high if you ran Steam for more than a day

Fixed sometimes losing favorites when they were added in game

Fixed guest pass column showing in the media/tools page incorrectly
